

HOW CAN CEDA HELP

with your community's
grant writing needs?

GIVE YOUR TEAM MORE TIME

You're busy. Grant research, proposal writing and compiling supporting documentation takes time and expertise. CEDA's Grant Department can help you and your team keep your valuable time reserved for necessary projects in your community!

WE DO OUR RESEARCH

Our Grant Department monitors federal, state, local and private grant openings and impending deadlines on an ongoing basis to ensure that we have the most up-to-date knowledge.

CEDA also has access to a database of grant opportunities that we can use for research on specific projects. Our Grant Department staff are adept at locating resources for a variety of project types.

WE HAVE PROVEN SUCCESS

Our organization has been in operation since 1986 and was founded with grant writing as our primary service.

\$50M+

CEDA has successfully authored over \$50M in grants for diverse project needs ranging from infrastructure to community facilities to festival support.

WE CAN TAKE CARE OF THE REPORTING

We understand the requirements that come with grant awards. CEDA's Grant Department can ensure that all reporting is taken care of correctly and on time.

Our staff can also create supporting evaluation tools for performance measurement such as surveys, attendance tracking, etc.

DON'T JUST TAKE OUR WORD FOR IT!

Our CEDA representative was instrumental in City of Oronoco's \$53,000 award from the Department of Natural Resources' Outdoor Recreation Grant for improvements to our City's park. If it wasn't for [CEDA's] thorough and professional work, I don't believe we would have been awarded this competitive grant, on our first try, and within the demanding time frame."

- Ryland Eichhorst, Mayor, City of Oronoco, MN

"CEDA grant writers take the time to understand not only the grant itself and the application process, but also our business and the impacts of the grant on our business and clients. Combine this with CEDA's attention to detail and professionalism, and it becomes easy to see why we continually choose CEDA as our partner."

- Darren Moser, Chief Financial Officer, AcenTek
